

## Did you know that your wedding dress could be used as a dynamic ministry tool for women in Africa?

Christian women leaders from Kenya rent wedding gowns to women who are not able to afford to buy their own bridal gowns. These leaders share God's plan for marriage & purity with young brides. The profit collected from the rental of the gowns is used by the Women's Ministry for outreach as they travel to villages and share the Gospel, distribute mosquito nets, and put on children's programs. Several Women's Ministry Directors in other African countries would also like to develop similar programs renting wedding gowns as a tool to share God's love.

**We would like to provide them with wedding gowns for this unique ministry. Modest wedding gowns in all sizes are needed as well as veils and other wedding related items.**

**If you can help by donating a wedding dress, please contact Peggy Cross (661) 587-8932 or [pcross@bak.rr.com](mailto:pcross@bak.rr.com) as soon as possible for more details.**
